Azaleamum

TRADE-MARK

600 Flowers—and more—from one plant first year—no wonder Azaleamum created such a sensation at the Chicago Century of Progress! Azaleamum is a brand-new development, a hardy perennial that will create a sensation in your garden.

No other flower will compare with it in quantity and beauty of flowers. A whole garden in itself. Grows as large as a bushel basket or larger, first season, and is literally covered with gorgeous pink blooms from late August till frost. **HARDY.** Blooms first year.

Prices, Pink Azaleamum, 65c each; 2 for \$1.00; 4 for \$1.85; 6 for \$2.60; 12 for \$5.00.

Three New Colors!

Now Azaleamum comes also in bronze, white, and red—absolutely new. The white and bronze Azaleamums are identical with Pink Azaleamum excepting color. The red blooms later, and blossoms smaller.

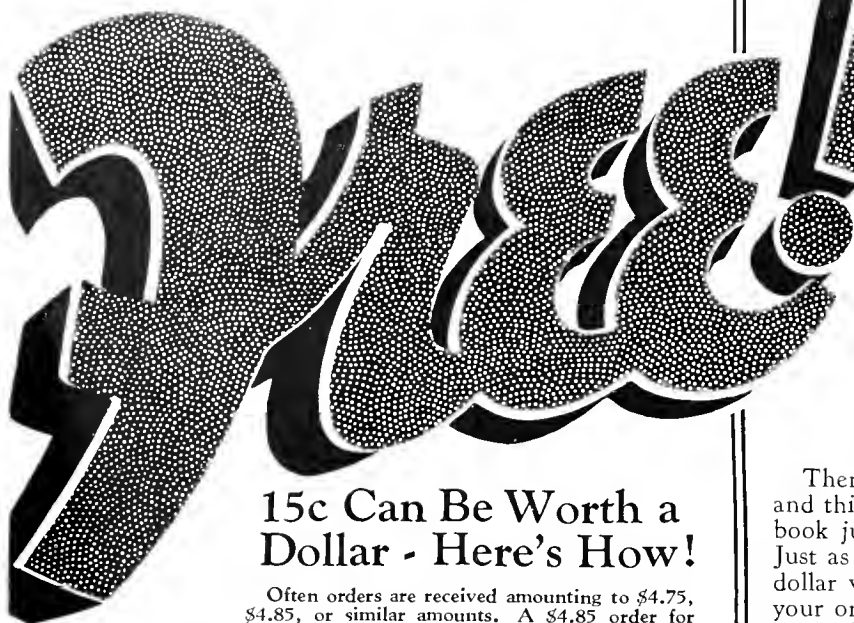

SPECIAL! 1 each white, bronze, and red, \$2.19. Prices, red, bronze, or white Azaleamum (your choice): 1 for \$1.00; 3 for \$2.35; 6 for \$3.97.

All 4 for \$2.65

1 Pink, 1 White, 1 Bronze, and 1 Red Azaleamum, for only \$2.65. You save \$1.00.

**PATENT
NOTICE**
Patents applied for on white and bronze Azaleamums.

LET FRIENDS HELP. If you can't use \$5.00 worth of plants, let your neighbor order with you and help you get the \$1.00 value free. Or, when 2 persons order together, the premium plants can be divided.

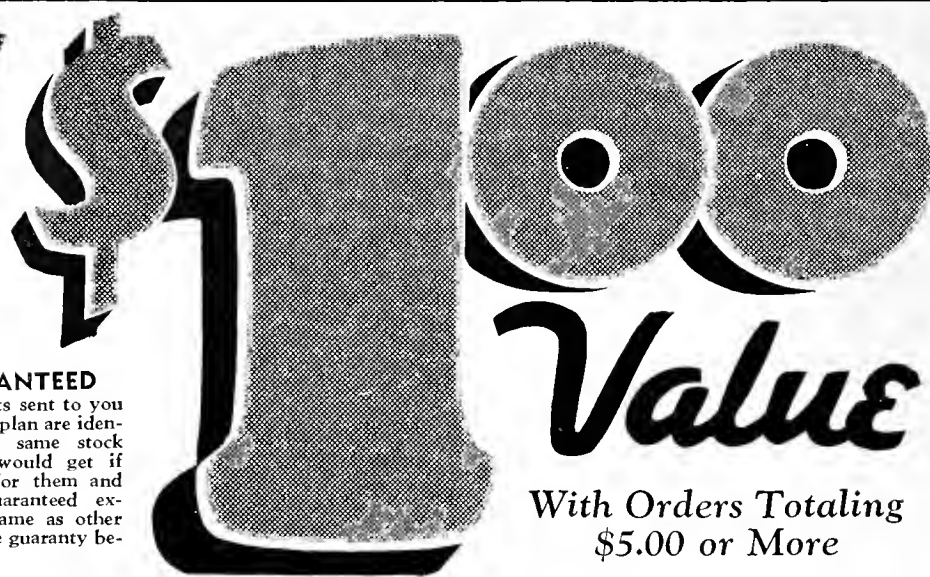

15c Can Be Worth a Dollar - Here's How!

Often orders are received amounting to \$4.75, \$4.85, or similar amounts. A \$4.85 order for example, is not large enough to get the \$1.00 value free, but with a \$4.85 order, by simply adding 15c more to your order, you can make it amount to \$5.00 and get the \$1.00 value. 25c added to a \$4.75 order does the same, 35c to a \$4.65 order and so on.

GUARANTEED

All plants sent to you under this plan are identically the same stock that you would get if you paid for them and all are guaranteed exactly the same as other plants. See guaranty below.

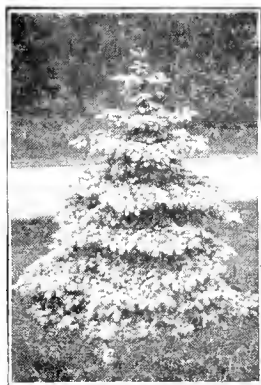

With Orders Totaling
\$5.00 or More

There are dozens of "Dollar Values" in this Bargain Carnival that you would like to have, and this unusual offer allows you to select any one of them if you will only squeeze your pocket-book just a little bit and make your order for plants or other stock amount to \$5.00 or more. Just as soon as you have made up your \$5.00 order, go through the book again and select any dollar value that you want and add it to your order. It will be sent to you absolutely free of any extra cost excepting a very small and almost negligible amount for postage or express.

Combine Your Spring and Fall Orders—It Pays!

Here's a Good Plan—perhaps your order for spring planting will not amount to \$5.00. In that case, order your bulbs for fall planting now, and the chances are that the two orders together will total \$5.00 or more. Pay the full amount with the spring order, and you may have your extra \$1.00 value Free. The Free value may be selected either for fall or spring planting.

SAVE MONEY! You also save postal collection charges if you pay for the fall order with your spring order instead of using the "Pay Later" plan. See pages 16 to 24 for fall planting bulbs.

Guaranty

We guarantee all stock to be just as represented or orders refilled free.

We also guarantee plants, bulbs and other stock to reach you in good growing condition or orders refilled free, providing complaints are made immediately upon receipt of plants. Should no report be made within 10 days after receipt, it shall be mutually assumed that plants are satisfactory and no refill is warranted. Do not return plants unless so instructed by us.

Continued growth depends upon soil and climatic conditions, proper planting, and care given plants—conditions we cannot control—hence is not guaranteed. We will, however, replace plants at half price if reports are made before October 1st of current season (June 1, for fall bulbs). Refills will be made during current shipping season if reports are received in time, otherwise during following season. Plants and other nursery stock cannot be returned for credit and we accept no obligation for their return. It is mutually agreed that in any event we are not liable for more than the purchase price of stock.

(Dianthus Neglectus Compacta Glauca)

There are dozens of places in your garden where this beautiful flower would fit in most perfectly. It's the prettiest flower you ever saw—and it's pretty all the time. First it appears as a little cushion all soft and fuzzy like the back of a furry kitten. Then in May flower buds appear—hundreds of them—on short, straight stems that bristle out like the quills of a frightened porcupine. And then late in May blooms appear, like a beautiful miniature fireworks display, like hundreds of tiny rockets all exploding at once. Blooms similar to Maiden Pink but pure pink, no markings, about three-fourths inch across, three or four inches tall. Fine for border or rockery. Thrives in ordinary soil.

Here are the winsome things about Rose Dawn:

PERFECTLY HARDY. Can stand coldest winter weather. Lives through when others die. Requires very little moisture.

EVERGREEN FOLIAGE. Stays green the year 'round. Rose Dawn Dianthus is unusual in this respect. It is a new departure in the field of perennials.

VERY LOW GROWING. Meets the demand for a very low and compact plant for borders and rockeries, or for out-front planting in any garden.

KNOWS ITS PLACE. Does not run wild or otherwise get out of bounds. Keeps its shape.

LONG BLOOMING. Four to six weeks blooming period.

BLOOMS AT DECORATION DAY when flowers are most in demand. Ideal for cemeteries.

FLOWERS ERECT. Unlike other Dianthus, flowers do not lean with the weight of the dew—no lopping.

Phlox — COLUMBIA

50c each; 3 for 1.25; 12 for \$4.50

(U. S. Plant Patent No. 118)

The introducers have this to say about Columbia Phlox: "After growing this variety you will agree that it is the greatest Phlox ever introduced. Its strength and vigor is something rarely seen in plants. A well grown, two-year-old plant will produce from 6 to 15 flower spikes. The foliage is rich dark green, leaves covering the stems down to the ground. Mildew is unknown to this variety. The flower stalks are about 2½ feet high, stiff and erect. The flowers, when cut, last over a week in water.

"Mrs. Francis King, America's great garden authority, writes of this Phlox as follows: 'Columbia, the new cameo-pink Phlox which has just risen on the garden horizon, is of most exquisite beauty. This Phlox grows to 2 or 2½ feet, very bushy, and a fact most marvelous, it has practically no enemies. It flourishes after the coldest winter and in the hottest, driest summer. Altogether, an amazingly good addition to the list of plants which give color and richness to the mid-summer border.'"

Order Your Bulbs for Fall Planting *Now*

WE all like easy ways to do things—and now if your order for fall bulbs amounts to \$2.00 or more, here is the easiest and best plan ever invented for ordering fall planting bulbs. You send no money with your order—you get lower prices and save money—you have your order out of the way far in advance—you get **only the highest grade bulbs and plants**. Enclosed is a special post card order form that requires no postage so you don't even need to buy a stamp, just fill out your order on the card, drop it in the mail box, and receive the bulbs at planting time. Pay the postman the price of the bulbs when you get them, plus the few cents postage.

Let's talk about each advantage separately:

1. **SAVE MONEY.** By this plan there is no waste. You order your bulbs before July 1st and we then order them imported from Holland. We know just exactly how many to order so there is no expensive waste—no surplus bulbs that we must close out at cut prices. **We give you the saving!**
2. **ONLY HIGHEST GRADE BULBS.** By this plan only the finest stock is ordered. We are in constant touch direct with the famous Dutch bulb growers of Holland in Europe and—ordering early, as we do by this plan—we get the pick of the crop. Fine large first size tulip bulbs, for example, that measure a full 4½ inches around or more.

3. **SEND NO MONEY.** You don't need to pay now if your order amounts to \$2.00 or more. Just send your order, then pay the postman the price of the bulbs when they arrive, plus a few cents postage.

4. **YOUR ORDERING ALL DONE NOW.** Don't let your fall orders hang fire. Get them out of the way now—this new easy way.

Now, isn't this a fine way to order? Do not wait! Get your order in now and **have the bulbs reserved for you**. Fine healthy stock that you will be proud to show your friends—stock you can be sure will bloom for you. Send your order for fall bulbs and plants now.

All orders at the low prices quoted on following pages must be mailed before midnight, June 30th

Use This Special Post Card Order Blank

No Stamp Needed ~ Send No Money

Look for the special post card order blank enclosed. This order blank does not require a stamp—just make out your order and mail it. Then pay the postman for the bulbs when you receive them in the fall. It's easy, isn't it? Or include your fall order with your spring order.

(Note: Send remittance with order if less than \$2.00).

\$1.00 Value

Here is another plan for your fall order—on page two of this book we offer a dollar value free with an order amounting to \$5.00 or more. **Why not combine your spring and fall orders to make a \$5.00 order?** This may be done if you care to send full remittance for both orders now.

Perhaps your spring order does not amount to \$5.00 and perhaps your fall order, too, is too small, but add the two together and the chances are you will have a \$5.00 total. Send both orders now—with remittance—and you may select your \$1.00 value free.

Or, if you have already sent your spring order, order your fall bulbs now with remittance, calling our attention to your spring order and you may have your \$1.00 value free if the two together amount to \$5.00 or more.
